

Hello Everyone,

A while back I asked the Defenders Board if Defenders could be the fiscal agent for the Indigenous community here in Rapid City, SD? They said yes.

Well, we needed to start a fund raising campaign as we need at least 3 attorneys; one to help us with our appeal (fees = \$505), one to help with the Civil Rights and Medical Privacy rights violations (mine included); and one to eventually help with the Supplemental Environmental Assessment to stop them from totally destroying almost all the historic buildings.

The usual retainer fee is \$100,000 so we are trying to raise at least \$200,000.

One of the young men started a fund raising campaign for us. Share it as you wish. We need all the help we can get. Thank you.

Here it is:

This is the campaign for Surviving Genocide (Defenders of the Black Hills Inc): [https://charity.gofundme.com/o/en/campaign/surviving-genocide?utm\\_campaign](https://charity.gofundme.com/o/en/campaign/surviving-genocide?utm_campaign)

Please share as much as you can.

Charmaine White Face
